

ROLLER STAND

SMOOTH AND PRECISE WHERE IT MATTERS MOST, THE CRB ROLLER STANDS ESTABLISH THE MOST THOUGHTFULLY DESIGNED AND METICULOUSLY CRAFTED ADVANCED POWER WRAPPER SUPPORTS AVAILABLE TO ROD BUILDERS.

PERFORMANCE BALL BEARING ROLLERS

Perfectly balanced featuring ultra soft silicone rings

PRECISION HEIGHT ADJUSTMENT

Featuring heavy duty lock nuts

**100%
ALUMINUM**

100% AIRCRAFT GRADE ALUMINUM

Ready for a lifetime of use

QUICK ADJUST KNOBS

For fast stand relocation on the RBS track

HEAVY DUTY SUPPORT BASE

Designed for the RBS track

Height range: 6.4"

Height: 8"

HOW TO INSTALL ON THE RBS TRACK:

1. Depress the quick adjust knobs to lower the T-Bolt. This allows it to slide into the RBS track.

2. Slide the first T-Bolt onto the track, then the second one. Be sure the wheels are facing towards you.

3. If necessary, adjust the locking nuts to bring your rollers to the correct height. Happy wrapping!
